Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/02/2010 has been entered.
2. The following is an examiner's statement of reasons for allowance: Claims 1-2, and 6-8 have been cancelled and Claim 3 has been amended to further limit and distinctly recite the inventive feature, the tire electronics device be mounted "directly" on the surface of the tire, and the insulating wall provided to inhibit the contact with the tire electronics device by the end of the conductive is further limited to "not covering" the at least one tire electronics device, and presented persuasive arguments to overcome the prior art of record.

The closest prior art of record, combination of Weiss and Koch, does not disclose combined limitation of Claim 3, of providing a tire containing at least one tire electronics device mounted directly on a surface of the tire and providing an insulative wall perpendicular to the tire surface and in proximity to but not covering the at least one tire electronics device such that contact with the tire electronics device by the end of the conductive wire configured for contact with the tire is inhibited by the insulative wall. This feature, in combination with the other recited elements, is not disclosed by the prior art of record, and therefore, allowable. Claims 4-5 depend from Claim 3.

Claims 9-21 stand allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lucy Thomas whose telephone number is 571-272-6002. The examiner can normally be reached on Monday - Friday 8:00 AM - 4:30 PM EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Fureman Jared can be reached on 571-272-2391. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
